

Nami Island & The Garden of Morning Calm

Nami Island is an oasis for culture and leisure in peaceful harmony with humanity and nature. After a five minute ferry ride, guests meet a forest of verdant trees holding up the sky and open grassy areas where ostriches, rabbits, squirrels, chipmunks, ducks and peacocks warmly welcome visitors in the midst of wild flowers. On this island, artists from all over the world show off their talents and share the sense of peace of mind the island creates. It is the site of Nami Island International Children's Book Festival (NAMBOOK) and other cultural events take place every weekend, making it one of the main cultural and artistic tourist attractions in Korea. In 2006, Nami island declared its cultural independence and was reborn as Naminara Republic. It has its own national flag, anthem, currency, passport, phone cards, stamps, orthography and even a certification of citizenship. Nami is home to several galleries and is the site of the Song Museum, which houses an outstanding collection of international ethnic musical instruments.

At five-thirty in the evening, when the Multi-colored Starlight Garden Exhibition is in progress, you can walk in the company of the garden lights of the Hometown House Garden shining brightly from the entrance of the Garden. Everyone is busy with making memorable moments by taking pictures as they are, deeply immersed in the light.
