The Korean government subsidizes childcare for ROK citizens and residents

For a military affiliated family to qualify for this subsidy there are several steps that must be taken and a **waiting period of 90 days** after completing step one, while you are completing the additional steps.

To qualify for the Korean government childcare subsidy, you must:

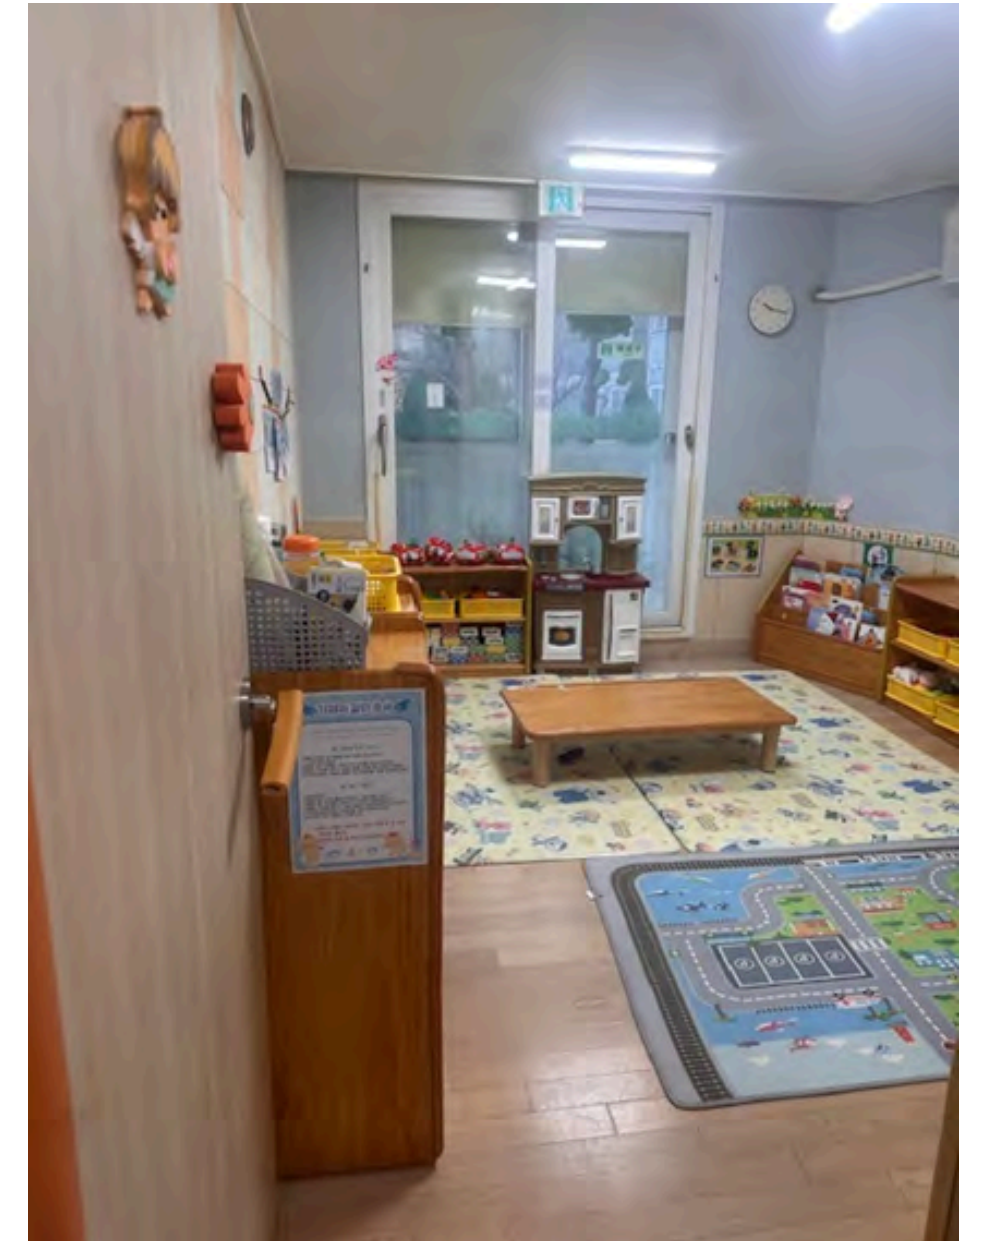

1. Open an ARC card for you and each child going to Korean daycare. Each child needs their own card. At Osan AB you can do this at the PAX terminal. See employees there for the required documents.
2. Set up a Korean bank account. There is Korean bank on base, in the Lesports Center, near the main gate where the Korean grocery store is.
3. Attach your bank account to a "Happiness (debit) Card" while at the bank.
4. Get a certificate of foreign residence for you and each child at your local welfare office. PIEF in the SED can do this at their Social Community Office. Each certificate costs won. Make copies of each certificate.
5. Bring the bank account information, ARC cards and original foreign certificates to the daycare. The daycare will put in a request for payment through your Happiness Card.
6. Take the bank book, ARC cards, and copies of foreign residence certificates back to the bank.
